Overview

MetroSquash was founded in 2005 as an out-of-school time program for Chicago Public School students. The first MetroSquash class consisted of 10 students in fifth grade, and utilized squash courts and classroom space at the University of Chicago. Each year, a grade level was added to realize a pathway of service from 5th grade through post-secondary completion. In 2015, the organization successfully raised over \$8M to construct a permanent home - the 8-court Hussain MetroSquash Center in Woodlawn. MetroSquash now has 20 full-time staff serving over 400 students and their families each year. In 2018, MetroSquash opened its first satellite location in Evanston to serve students just north of Chicago. MetroSquash Evanston currently serves 50+ 6th-9th graders and utilizes academic and court space at the McGaw YMCA. The program will build a second eight-court facility in Evanston and is exploring plans to expand to the West Side of Chicago.
